

HOW TO ACCESS DATA FROM THE MLS GRID

BROKER ACCESS GUIDE

The MLS Grid provides a single, standardized API data feed from participating MLSs to registered software vendors. Follow the steps below to sign a data license agreement between your vendor, your brokerage and your MLS.

1. VENDOR REGISTRATION

- a. Your vendor will register on the MLS Grid and create a subscription for their product
- b. After the vendor accepts the data license agreement, an email request is sent through the MLS Grid system for you to review and accept the data license agreement as well

2. RECEIVE EMAIL FROM MLS GRID

- a. You will receive an email from notify@mlsgrid.com on behalf of your vendor
- b. Select the secure link in the email to visit the MLS Grid website, provide data usage information, and accept the data license agreement
- c. Be prepared to provide URL of website or name of application where data will be used

3. APPROVAL OF DATA LICENSE REQUEST

- a. Your MLS will be notified of your data license request
- b. Once your MLS approves the data license request, your vendor will be notified to finalize their data subscription

4. VENDOR ACCESS GRANTED

- a. Your vendor will finalize the subscription, receive the access token, and import MLS data
