Members	
MR-1	SSN belongs to existing member.
MR-1(b)	SSN does not match an existing member.
MR-1(c)	SSN is invalid, NAR_ID used instead.
MR-10	License number on existing member record does not match what is being sent by your association. Please confirm with DBPR that the license number in your system is correct, make correction if needed and resend the record.
MR-11	License number cannot be blank for non assistant. Please verify the member type is correct or add the license # and resend the record.
MR-11(b)	License number is blank, member has license number on file.
MR-12	NO CODE IN STORED PROCEDURE Member is Assistant or Staff, NAR_ID is not valid for export to NAR.
MR-13	First name cannot be blank. This record cannot be added until first name is populated, please add and resend the record.
MR-14	The Last Name cannot be blank. This record cannot be added until last name is populated, please add and resend the record.
MR-15	NO CODE IN STORED PROCEDURE As of the meeting on 2/9/10, MFR understands that this rule cannot be written because the only data we get is a "Y" or "N" in specific positions in the file. If there is a value in the correct place for any type of designation, we process it - if it is not in the right place, it isn't processed.
MR-16	The office ID attached to this member record is currently inactive in the MFR membership system, which has caused this change to be rejected. Please confirm the office ID in your system is showing as active and matches the ID MFR has. Please make the needed corrections and resend an active record for the office as well as the member record for processing into the MFR membership system.
MR-17	The office ID received for this member record is not currently in the MFR membership system. Please confirm the office ID being sent is correct and active in your system and resend the office and member record so that it will be processed in the MFR membership system.
MR-18	MFR currently has this member as an Assistant. Please verify that this member no longer has a valid real estate license and is now an assistant and contact MFR to make a manual change to the member record so that all subsequent changes will be processed.
MR-19	MFR currently has this member as a different member type. Please verify that this member should no longer reflect as an assistant and advise MFR as to what the accurate member type should be. Contact MFR to make a manual change to the member record so that all subsequent changes are processed.
MR-2	Member ID not at least 8 characters in length. Please verify, make the needed correction and resend the record.
MR-20	The member type that was supplied in the member record is not valid. Please verify and send a valid member type for this member.
MR-21	CODE IS REPEAT OF LAST RULE Same description as MR-20???
MR-22	MFR received a record for this member to be added with a status of Inactive, which has prevented the record from being created. Please ensure the member is active in your membership system and resend the member record so that it will be created in our membership system and in MLS.
MR-23	MFR received a record for this member with Status = Active but Online Status = 3 or 4. Please ensure the member is set to Active in all applicable areas of your membership system and resend this record for processing into the MFR membership system.
MR-24	The status received for this member record is not valid. Please verify, make the needed correction and resend the record.
MR-25	MFR received this member record with an invalid combination of Status and Online Status. The Online Status has been changed to 3 (inactive).
MR-26	Join Date blank - used current date
MR-27	NO CODE IN STORED PROCEDURE
MR-28	Blank Status Date set to today.
MR-29	NO CODE IN STORED PROCEDURE
